Children behave well at Stoneraise School

70 responses

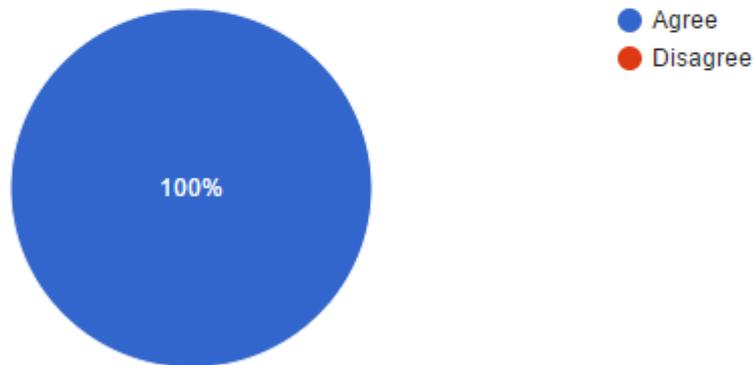

Our theme during the Spring 1st half term 2017 was all about behaviour. We raised the profile of good behaviour in school and implemented a new Behaviour Strategy:

Two of the children stated that they did not believe that children behave well at Stoneraise School. After a brief discussion, they said that they felt like one or two children can misbehave, usually during break times. They said that they thought that the behaviour of the rest of the school was really good and that even those children didn't misbehave all of the time.

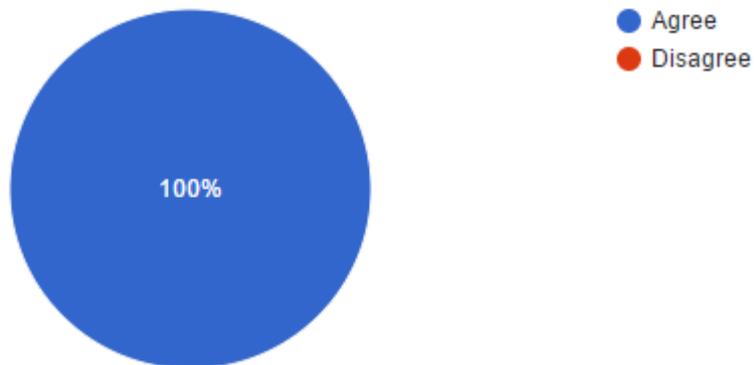

Stoneraise School has an exciting curriculum (trips, visitors, music, plays, concerts etc)
