

Stoneraise School

Whole School Newsletter Spring 1st Half Term

Dear Parents

Happy New Year and welcome back to school after a windy Christmas holiday. The spring term is going to be quite busy as usual, with a few new things happening in school.

WHISKids

As you may be aware, child mental health has become a significant issue in our society, and a lack of support to schools nationally is becoming an issue. As a school, we have decided to take a proactive approach and will be working with WHISKids to help develop mental health wellbeing for children in school over a series of workshop lessons. The program aims to help children deal and cope with emotions that they feel on a day-to-day basis.

Further information on WHISKids can be found here: www.whiskids.com.

Snacks for KS2

Pupil voice is strong in our school. Over the last term, the school council worked very hard in establishing the views of the school and have asked that we change snacks that children bring into school. I know they are writing to all KS2 parents today with their proposed changes.

I would like to also take this opportunity to remind parents we are a nut free school, as we have a pupil with a severe allergy to nuts.

Curriculum Clubs

We will have a range of Curriculum Clubs on offer this half term. A separate letter will be sent out for this. The dates for these are available on our school website and school app.

And More..

There is a lot going on this term, please keep an eye out on our twitter feed/website to keep updated. We have included a mini calendar on our home page of the website, with quick links for pupils and twitter feed to keep you informed.

Yours sincerely

Head Teacher
