## Autumn 2<sup>nd</sup> Half Term

Dear Parents,

Wow, we are into the second half term already. With a busy few weeks ahead, it promises to be an eventful time in school.

### Sport

We have a variety of sporting competitions this half term with Football and Cross Country this week. Please keep an eye on our twitter feed for updates of how we do. Letters will be sent home with those participating.

### Nativity

Y2 will be leading the Nativity as is the school tradition, they will be supported by Y1 and children from reception class. Letters will be sent home nearer the time for parents. The dates are Wednesday 12<sup>th</sup> and Thursday 13<sup>th</sup> December.

### Christmas lunch

School will be having our Christmas lunch on Tuesday 4<sup>th</sup> December.

### Theatre Production

We are welcoming a theatre production company into school on Wednesday 5<sup>th</sup> December. This is always a very enjoyable experience for the children and we anticipate it will be another fantastic session.

### Christmas Carols

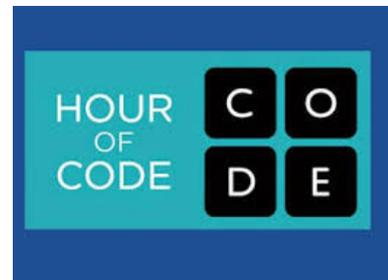

On the last day of term, Friday 21<sup>st</sup> December, we will be having our Carols Around The Tree Assembly. This is always a great afternoon that fills

the hall. This starts at 1pm and **school will close when the assembly finishes which is 2pm.**

### Cathedral Singing

Class Elm have been working hard in Music and I am looking forward to hearing them perform in a joint choir event at Carlisle Cathedral on Thursday 6<sup>th</sup> December – date and times TBC.

### Computer Coding.

School will be taking part in a national computer coding challenge later in the half term. Pupils of all ages will complete challenges online

to help develop their knowledge of coding and how to solve problems with coding and debugging. This promises to be a fun challenge and I look forward to seeing the children rise to the challenges.

### Maths Challenge Day

A small group of children will represent school in an interschool maths challenge held at Caldew School. Having won in previous years, it will be interesting to see how the children do in a competitive maths environment!

As you can see we have a very busy and hectic term. You can always keep updated on our website and twitter feed.

Your sincerely

Mr. C. Coady M.Sc.  
Head Teacher
